## Our Location.

SITUATED WITHIN THE CAIRNGORM NATIONAL PARK, THERE'S SOMETHING FOR EVERYONE!

### The Cairngorms

There's so much to explore in The Cairngorms. Here, you'll find the UK's highest railway, acres of unspoilt Highland scenery and some of the most breathtaking views in Scotland.

The Cairngorms National Park is Britain's largest national park. It contains within it a unique range of landscapes, wildlife, habitats and people. It totals an impressive 3800 square kilometres of remote mountains and moors across Scotland's Highlands and Grampians.

The Cairngorm mountains provide skiing and snowboarding and the forests surrounding nearby Loch an Eilein and Loch Morlich offer some of the best cycling and walking routes in the North. There's even cross country skiing available in Glenmore Forest Park.

### Aviemore and Rothiemurcus

The town of Aviemore offers shopping facilities for the outdoor enthusiast together with a range of local retailers offering gifts and crafts, bespoke boutiques and traditional farm shops.

Nearby Rothiemurcus offers attractions such as safaris, quad biking and water-sports, and for those interested in the history of the local area, the visitor centre is packed full of information.

Nature lovers should keep a look out as the ancient forests are home to many unique Scottish natives, such as the rare Osprey, Red Squirrel and Capercaillie.
